

Scilifelab The Svedberg seminar series fall 2024

Monday, September 2, at 15:15 in BMC, C4:301

Prof. Mark Kirkpatrick

University of Texas, USA

Titel: The Genomic War Between the Sexes

Host: Leif Andersson, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-mark-kirkpatrick/>

Monday, September 9, 15:15 in BMC C8:301

PhD Lukas Lavis

Janelia Farm, USA

Titel: Designing brighter dyes for advanced fluorescence microscopy and beyond

Host: Daniel Fürth, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-luke-lavis/>

Wednesday, September 18, at 15:15 in BMC C8:301

Prof. Michael Gale Jr

University of Washington, USA

Title: Leveraging innate immunity against epidemic and pandemic viruses

Host: Jan Komorowski, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-michael-gale/>

Monday, October 7, at 15:15 in BMC C8:301

Assistant Prof. Joan Camuñas-Soler

University of Gothenburg, Sweden

Title: Patch-seq profiling of pancreatic islet cell types and cell-free RNA diagnostics

Host: Jessica Nordlund, UU and Henrik Gezelius, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-joan-camunas-soler/>

Monday, November 4, at 15:15 in BMC C8:301

Prof. Mikhail Shapiro

California Institute of Technology, USA

Title: Talking to cells: biomolecular ultrasound to image and control cells deep inside the body

Host: Maria Tenje, UU

Read more: <https://www.scilifelab.se/event/the-svedberg-seminar-mikhail-shapiro/>

Monday, November 25 at 15:15 in BMC C8:305 POSTPONED

~~Assistant Prof. Gabriela Montejo-Kovacevich~~

~~Uppsala University~~

~~*Title: Butterfly evolution in a changing planet*~~

~~Host:~~

Monday December 2 at 15:15 in BMC C8:301

Prof. Hiroshi Hamada

National Centre for Biological Sciences, India

Title: Diversity of left-right asymmetry among animalsBD

Host: Gonzalo Sanchez, UU
